

What to Expect When Arriving to Play Golf at Fiddler's

The following is an explanation of our options and services that are provided to you by the golf valet attendants upon your arrival to the Club for a day of golf.

Upon your arrival to the valet/bag drop area, you will be greeted by one of the professional valet attendants. They will remove your golf bag(s) from your car if they are not already stored in our bag storage room and place them on the bag drop rack. You may have your car valeted here by an attendant. The option to have your car valeted is up to your discretion. If you choose to utilize our valet service, we will park your car in our designated valet lot, lock it and the keys will be stored on our valet key board. If you choose not to utilize our valet service, one of our staff members will direct you to the designated non-valet parking area.

From the valet area, men can proceed from the locker room into the Pro Shop where you can check in at the desk. For Ladies, they can either walk from the bag drop area to the back of the Clubhouse and enter the Pro Shop through the rear door, or enter through the main entrance of the Clubhouse and proceed to the locker room. All are required to check in at the Pro Shop before beginning play.

When back to the valet/bag drop area, you will need to provide the starter with the receipt you were given in the pro shop. To ensure a timely start, please check in with the starter at least 15 minutes prior to your tee time. The valet staff will then load your golf bag(s) onto your cart and the starter will advise when you may depart for your designated course.

Player assistants will be seen periodically throughout the course to provide instructions, assistance and to monitor pace of play. Members and their guests are expected to maintain an acceptable pace of play; however, the staff will offer friendly reminders if the group is out of position. Please remember their job is to ensure that everyone enjoys their round of golf. If you or your guests have any questions, please let the player assistants know.

At the conclusion of your round, you will arrive back to the valet/bag drop area. One of the valet staff members will greet you and wipe down your clubs. If you have valeted your car, one of the valet attendants will retrieve your car and place your clubs in it unless you wish to leave them at our facility.
